Sample Drill

President and Owner of Creative Consultation Service and Bandfo.com & Principal Consultant for Product Education of Pygraphics

As consultant for both CCS and Pygraphics, Mr. Harms attends conferences and conventions as principal exhibiting agent and seminar presenter. He has conducted presentations at state and national conferences throughout the United States, Canada, the United Kingdom, and Japan.

Currently, Mr. Harms is assisting with the development of new advances and innovations with Pygraphics. He was the developer of the 3D Deluxe Font, and now through a new web site...Bandfo.com...presents a new exciting "e"learning user video for Pyware 3D Interactive.

In addition to his position with Pygraphics and Creative Consultation Service, Mr. Harms: presents Pyware 3D Interactive drill design seminars & designs "Custom Visual Design" for national and international marching bands.
